VALIANT HEARTS
- THE GREAT WAR® -

Video Games in Education

Video games are a very popular and innovative type of entertainment, but in education, they are often seen as a distraction.

Do you think that video games have potential to be used in education?

Valiant Hearts: The Great War

Valiant Hearts is a video game released in 2014 by the company Ubisoft and it is and interesting approach to highlight the events of World War I.

UBISOFT

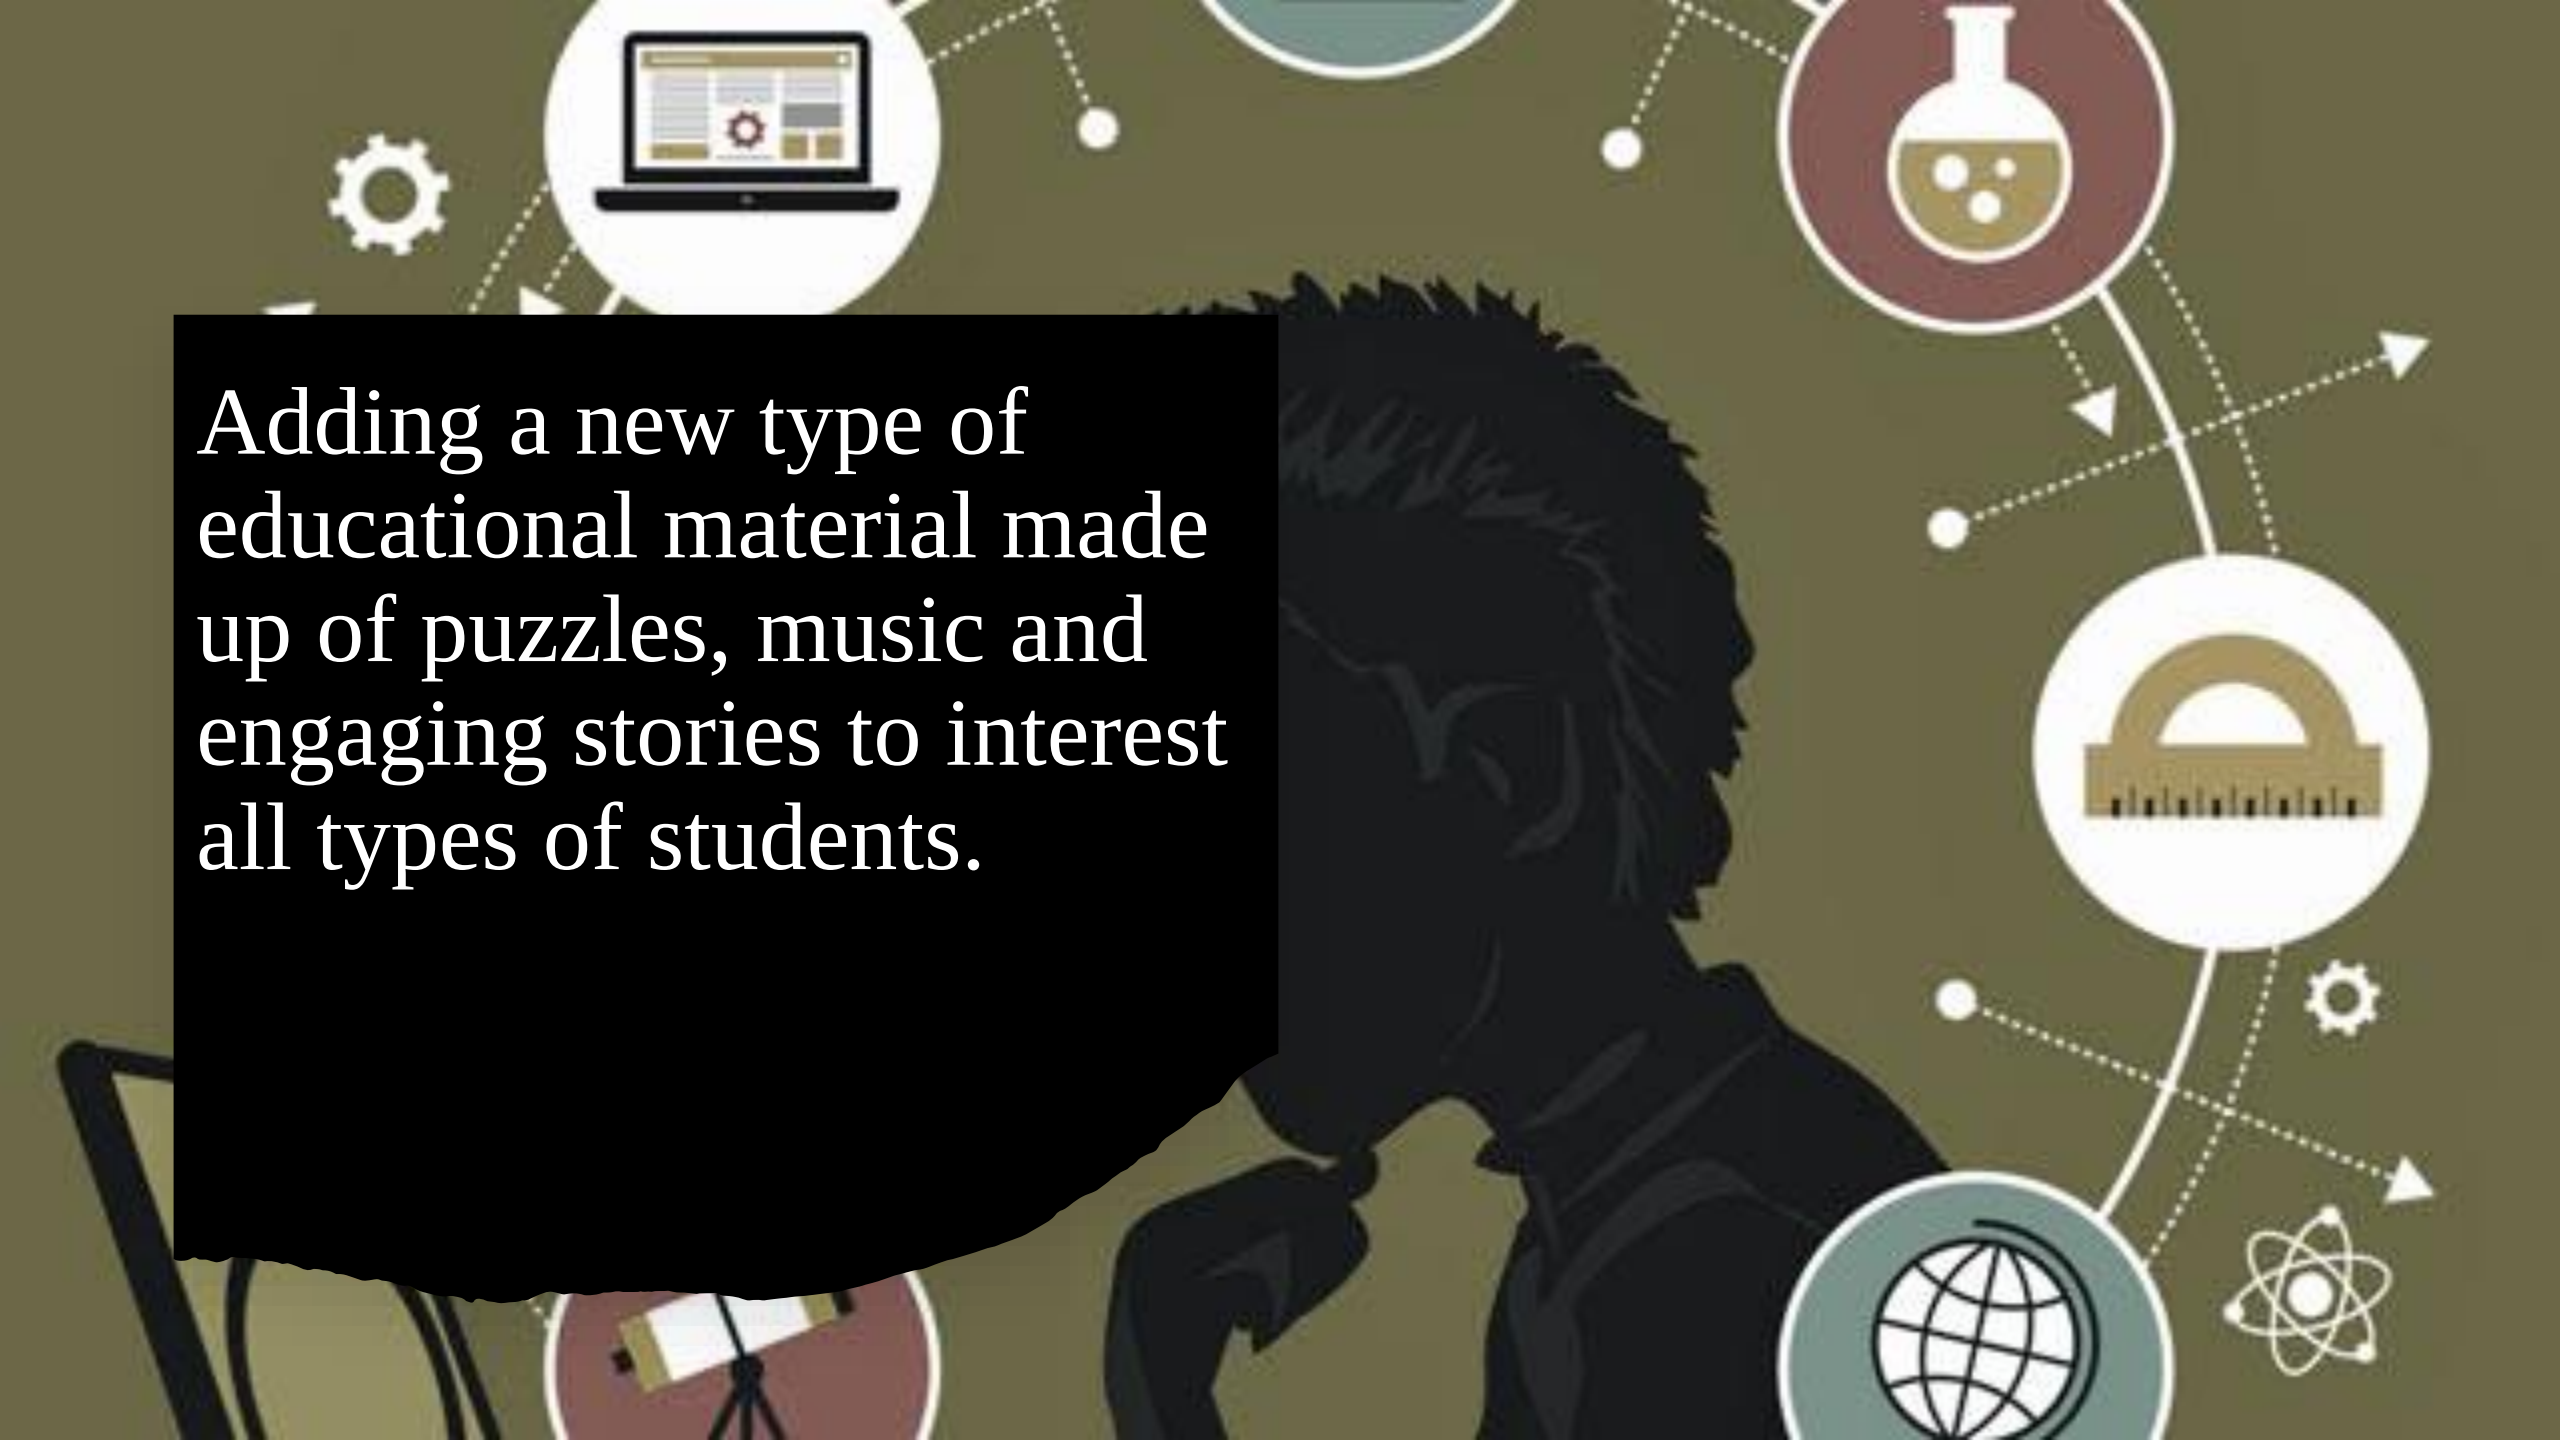
Conclusions

The game alone cannot fully teach a subject as extensive and important as the Great War.

With the accompaniment of teachers, games like Valiant Hearts could represent an interactive and fun way to introduce or complement topics.



Adding a new type of educational material made up of puzzles, music and engaging stories to interest all types of students.

“War makes men mad.”

“Education is the most powerful weapon you can use to change the world.”
